LETTER FROM THE PRESIDENT

Welcome to Teleo University. We are a global distance education institution committed to equipping pastors and church leaders with world-class practical ministry training without leaving their churches and networks of ministry relationships. Teleo University partners with our parent organization, T-Net International, to offer degrees to the thousands of pastors and church leaders participating in training centers in countries throughout Africa, Asia, and the Americas.

Teleo is a Koine Greek word that means 1) *to bring to a close, to finish*, or 2) *complete or fulfill a command*. In the New Testament, the Apostle Paul used *Teleo* in 2 Timothy 4:7, "I have fought the good fight, I have finished the race." Again, in John 19:30, as Jesus died on the cross for our salvation, He said, "It is finished." *Teleo* captures our passion for finishing the Great Commission by being and making disciples of all nations.

In Acts 1:8 and Matthew 28, Jesus told his followers that they would be His witnesses in their cities, their countries, and throughout the whole world until the Great Commission was finished. The **Mission** of T-Net, or Teleo-Network, is to coach pastors and church leaders to *finish* the Great Commission in their congregations, regions, and every country of the world. Finishing the Great Commission in every country of the world so that no nation is unreached is what we call **PROJECT ZERO** because the mandate of "all nations" or "all ethnos" ends at ZERO. Teleo University supports this global initiative by providing affordable, accessible, accredited degrees to pastors and ministry leaders seeking to finish the Great Commission by multiplying disciple makers and initiating saturation church planting.

We believe the Great Commission can and will be *finished*. We believe the whole world will be filled with the knowledge of the glory of God. It is our all-consuming passion to do everything we can, through the power of the Holy Spirit, to see it through. T-Net International is committed to establishing an indigenously led and funded, multiplying, disciple making, church planting, and revitalization movement in each of the more than 230 countries of the world and coaching them until the Great Commission is finished. I can think of no greater pursuit in our lifetime.

ABOUT TELEO UNIVERSITY

MISSION

Our Mission is to provide affordable, accessible, accredited education to pastors and ministry leaders who are seeking to *finish* the Great Commission through multiplying disciple makers and initiating saturation church planting.

DISTINCTIVES

Distance Education for Non-Traditional Students: Pastors that Remain On-the-Job

Teleo University plays a unique role in Theological Education by Extension. Teleo University's focus is on *finishing* the Great Commission of Jesus (Matthew 28:19-20) in each nation of the world by empowering indigenous pastors and church leaders. Teleo University only seeks students who are currently pastors, church planters, or key lay leaders. The average age of these non-traditional students is between 30 to 55 years old. These Christian leaders do not need to leave their ministries and families to attend classes. Teleo University offers no resident campus learning. Instead, students must remain in their local church ministry to implement what they learn in this unique distance education program.

Teleo University is not in competition with traditional Bible Colleges and Seminaries. Teleo University's core materials have been taught at a master's and doctoral level by several of the most prominent evangelical seminaries: Bethel Seminary, Columbia International University, Dallas Theological Seminary, Trinity Divinity School, Western Theological Seminary, West Africa Theological Seminary, and more.

Teleo University professors share their knowledge with students through a cross-culturally tested curriculum, printed lectures, and, more recently, web-based video coaching (currently English only). The course curriculum is translated into multiple languages. Therefore, Teleo University employs correspondence courses where students meet their professors only through printed lectures and perhaps video coaching, but without personal interaction. However, our print delivery, supported by local study groups and experienced facilitators, empowers our students to receive practical theological education without leaving their ministry or network of relationships.

By gathering students into study groups called T-Net Training Centers, students benefit from carefully prepared study materials, collaboration with fellow students, and facilitators who have studied and applied this curriculum in their ministries. Furthermore, the internet now offers more resources and allows student exposure to instructors, course authors, and subject matter experts through video coaching.

Trained as Trainers—The Disciple Making Model

Teleo University students participate in local study groups called T-Net Training Centers to complete assignments and enjoy vibrant student life interaction. Teleo University requires that pastors learn as students and then apply what they learn by leading, training, and implementing it in their local churches. Finally, every student must take on the disciple making mindset of training other pastors and church leaders (2 Timothy 2:2). Within the T-Net Training Centers, students form training teams to fulfill teaching practicum requirements of training this material to other pastors and church leaders.

INSTITUTIONAL GOALS

To accomplish our mission, Teleo University seeks to...

1. Keep the cost of education accessible to all students regardless of their financial means.
2. Provide students with learning resources adequate to meet the learning objectives of every study program.
3. Provide students with accredited degrees and certificates.
4. Complement not compete with existing Bible Colleges and Seminaries.
5. Recruit and train existing pastors and church leaders so they need not leave their current ministry positions but can apply their learning in their churches.
6. Make finishing the Great Commission the primary objective of all training programs.
7. Training students to revitalize local churches as disciple making churches.
8. Empower students as trainers and equippers who multiply disciple making training and saturation church planting to finish the Great Commission.

ADMISSION POLICIES

GENERAL ADMISSION REQUIREMENTS

Students admitted to Teleo University are chosen based on spirituality, ministry zeal, academic ability, and their current role as a pastor, Bishop, church planter, church leader, or spouse. Teleo University is an educational institution for those non-traditional students who are already in vocational or bi-vocational pastoral ministry and church leadership. Teleo University provides Theological Education by Extension through a correspondence curriculum facilitated in T-Net Training Centers' study groups. Teleo University expects all students to participate in a T-Net Training Center study group.

SPIRITUAL REQUIREMENTS: BELIEF AND CHARACTER

Applicants must agree with, personally adhere to, and support Teleo University's Doctrinal Statement. By completing and signing the application, the applicant promises to respect and comply with the student standards of conduct of Teleo University. Applicants are to give evidence of Christian character and maintain a lifestyle consistent with biblical standards of a daily walk with Christ. Teleo University serves students in many cultures worldwide, and we acknowledge that some practices will be considered acceptable by Christians in one culture but not another. Therefore, Teleo University insists that the Scriptures guide godly conduct for both students and faculty. Where Scripture is clear, we will be clear, but where it is not, there will be freedom and grace.

CHRISTIAN SERVICE REQUIREMENTS

Serving is an integral part of the Christian life. Students enrolled in Teleo University are non-traditional students serving as pastors, church planters, and Christian leaders in the local church. Christian service is not something added to the coursework. It is integrated into the entire educational experience at Teleo University at both the undergraduate and graduate levels. Serving and loving non-Christians and helping disciples grow is a way of life for those seeking to finish the Great Commission.

STATEMENT OF FAITH

Teleo University is an Evangelical Protestant religious organization that holds to the essentials of biblical orthodoxy. The following statement addresses seven essentials upon which Christians have agreed throughout the centuries. These statements are inclusive rather than exclusive. We are eager to partner with denominations, churches, and other religious organizations that embrace the Christian faith's essentials. To maintain continuity and consistency, Teleo University expects faculty, administration, and students to agree with, personally adhere to, and support the following doctrinal statement:

We Believe:

1. The Scriptures, both Old, and New Testaments, to be the inspired Word of God, without error in the original writings, the complete revelation of His will for the salvation of men and women and the Divine and final authority for Christian faith practice.
2. In one God, creator of all things, infinitely perfect and eternally existing in three persons—Father, Son, and Holy Spirit.
3. That Jesus Christ is true God and true man having been conceived of the Holy Spirit and born of the Virgin Mary. He died on the cross as a sacrifice for our sins, according to the Scriptures. Further, He arose bodily from the dead, ascended into heaven, where at the right hand of the Majesty on High, He is now our High Priest and Advocate.
4. The ministry of the Holy Spirit is to glorify the Lord Jesus Christ, and during this age, to convict men and women, regenerate the believing sinner, and indwell, guide, instruct, and empower the believer for godly living and service.
5. That mankind was created in the image of God but fell into sin and is, therefore, lost and only through regeneration by the Holy Spirit can salvation and spiritual life be obtained.
6. That the shed blood of Jesus Christ and His resurrection provide the only ground for justification and salvation for all who believe. That the new birth comes only by grace through faith in Christ alone and that repentance is a vital part of believing, but is in no way in itself a separate and independent condition of salvation; nor are any other acts such as confession, baptism, prayer, or faithful service to be added to believing as a condition of salvation.
7. In the bodily resurrection of the dead; of the believer to everlasting blessedness and joy with the Lord; of the unbeliever to judgment and everlasting conscious punishment.

 - Local colleges, seminaries, and universities
 - Public libraries
 - Church libraries, pastors' libraries, and other professionals' libraries

COURSE REQUIREMENTS / ASSIGNMENTS / GRADE POINTS:

1. **1.1 Participation and Monthly Coaching (15 grading points)**
Student fully participated in the T-Net Training Center study group and has written record of coaching call dates and notes in the Auxiliary Manual **Monthly Coaching "Action Step Checklist"** for this term.

Reading/Lecture Notes/ Group Discussions

Students are provided with all lecture notes and required to read and master all the material presented in the course manual (textbook). By completing the assigned reading, the students make significant contributions to the study group discussions and become better prepared to teach the material to their

church leaders. They also begin to master the program content to prepare to become study group facilitators, mentors, and coaches for future students.

2. **1.2 Model Follow Me DBS group (15 grading points)**
Pastors - Start to disciple and train a majority of your primary church leaders (Church staff, elected leaders, adult influencers, adult group leaders and disciple makers) in a Model Follow Me group to equip them to be Disciple Making (DM) group leaders. Alternative for associate Pastors or non-pastors – You must be in this group with a pastor and must co-lead it. **Provision for women whose denomination or culture restricts them from leading men:** These women will recruit and train (in a women's Follow Me group) the wives of the primary male leaders as well as any other primary leaders who are female. They will add the potential number of these together to determine the number of primary leaders they might train for grading purposes.
3. **1.3 Stewardship Preaching (25 grading points)**
Implement the Stewardship material you were taught. Implement all nine steps. Preach a four-week series on this as taught. Use signed commitment cards and the "Money-back guarantee" as taught to earn the highest score. Increase your weekly giving by at least 20%. Alternative for associate pastors and non-pastors – You must plan this with a pastor and must preach at least one of the sermons yourself). **Provision for women whose denomination or culture restricts them from leading men:** These women will implement this in their women's Follow Me group, not by preaching to a congregation. Before they begin this, they must give each Follow Me group member a blank small piece of paper and ask each Follow Me group member to anonymously state their level of average weekly giving. Four weeks after teaching the stewardship series to their Follow Me group, the leader must do the same thing. Then she can compare giving before the series to giving after the series. (Example: there are 4 women in the Follow Me group. Before the series, the anonymous individual giving reported was 30 dollars for one, 20 for the second, 25 for the third and 15 for the fourth, for a total of 90 dollars. After teaching the four-week series, the anonymous individual giving was reported as 40 dollars for one, 35 for a second, 20 for a third and 25 for a fourth, for a total of 120 dollars. Subtract the starting giving level of 90 from the new giving level of 120 to find the increase of 30 dollars per week. Next, divide increase of 30 dollars by the original giving level of 90 dollars which equals .33 then multiply that by 100 to convert it to a percentage of 33%. Women must do steps 1 and 2 as written. Steps 3, 4,5,6,7 & 8 are done in their Follow Me group as described above. Step 9 is not required.
4. **1.4 Training Center Prospects (10 grading points)**
Use the pastor student prospect list called "**Prospect List for Future Training Center Pastors**" in your Auxiliary Manual and compile a list of at least 30 pastors or 50% of evangelical pastors in a 10 Km. radius from your church, along with their contact information. These are persons that you will plan to contact after Course 2 and seek to persuade to become students in the next-generation training center where you will be part of the training team. Associate pastors and non-pastors have the same assignment. Women married to pastors are assigned to help their husbands make the list and to include the wives of the pastors on the lists. **Provision for women whose denomination or culture restricts them from leading men:** These female students are responsible to make this prospect list of persons who are in the same kind of ministries they are in. They must have half the number of contacts to get the same grade as pastors.
5. **1.5 Grammar Refresher (10 grading points)**
Study refresher course on Grammar until you have mastered it. Get help from a friend or another student if needed
6. **1.6 Course Exam (10 grading points)**
Master the material in Course 1. Study for the exam and receive an appropriate score on your exam.
7. **1.8 Reading and Research Reports (15 grading points)**
Completed 2 reading and research reports on the course manual and appendix resources or course related web articles. To develop and reinforce the habit of life-long learning through personal reading and research, students are required to identify relevant reading for which they write research notes and appropriate bibliography information to use in speaking or writing when quoting or paraphrasing the ideas of others. Students may choose books and articles from, but not limited to, the course recommended reading list posted at www.teleouniversity.org/readinglab. Complete one Reading and Research Report for each book or article (10 journal or web articles equal one book). Document the author, publisher, and bibliography information to create a proper source citation. 2. Academic Honesty:

In the spirit of truth and honesty as espoused by our Lord Jesus Christ, Teleo University seeks to maintain an atmosphere where high ethical standards prevail. Teleo University condemns academic dishonesty. Behavior such as cheating, plagiarizing, or data fabrication will result in disciplinary action and possible dismissal from the program (plagiarism is presenting another's words or ideas as one's own without properly crediting the source).

(Provision for women whose denomination or culture restricts them from leading men: These women are exempted from preaching in a church for this assignment, but not from preaching in class, unless cultural norms restrict it.)
- Choose one of the following four sections from the Book of 1 Timothy.

Section One	Section Two	Section Three	Section Four
1. Ch. 1:1-4	1. Ch. 2:1-8	1. Ch. 4:1-5	1. Ch. 5:17-25
2. Ch. 1:5-11	2. Ch. 2:9-15	2. Ch. 4:6-11	2. Ch. 6:1-5
3. Ch. 1:12-17	3. Ch. 3:1-7	3. Ch. 4:12-16	3. Ch. 6:6-12
4. Ch. 1:18-20	4. Ch. 3:8-16	4. Ch. 5:1-16	4. Ch. 6:13-21

- Use Bible Study Methods to study each portion of the section you chose and prepare and preach a sermon to your church for each.
- Each sermon should have:
 - An introduction
 - A stated lesson idea in a full sentence
 - An outline using the three building blocks of facts, principles and applications
 - Illustrations
 - A conclusion.

- Bring a written summary of each sermon containing the following four pieces – summary interpretation, topic, lesson idea, and lesson outline to Course 5 (see example on **the right side** of the table below).

<p>Summary Interpretation:</p> <ul style="list-style-type: none"> • Include the reference of the passage you are studying • Include the summary interpretation <u>in full</u>. Notice that this is a full sentence. In <u>very</u> exceptional cases, you may use more than one sentence 	<p>1 Peter 2:1-10</p> <p>Summary Interpretation: Peter commands believers to shed sinful living and deeply desire the knowledge of God’s Word whose nourishment produces Christlikeness, so that, though rejected by men, they become infinitely valuable as God’s temple, God’s priests, God’s nation, and God’s message.</p>
<p>Topic:</p> <ul style="list-style-type: none"> • Next, state <u>only</u> the topic of your lesson. Remember, the topic <u>may</u> not be exactly the subject of the summary interpretation. It may be what both subject and complement are talking about. 	<p>Topic: The infinite value produced by soaking in God’s Word</p>
<p>Lesson Idea:</p> <ul style="list-style-type: none"> • Now, state your lesson idea. This is a sentence with a subject and complement. 	<p>Lesson Idea: When we choose to reject evil practices and instead deeply desire and acquire God’s Word, though rejected by men, we become infinitely valuable as God’s temple, God’s priests, God’s nation and God’s message to the world.</p>
<p>Lesson Outline:</p> <ul style="list-style-type: none"> • Here, write the lesson outline. Every line of this outline should be marked with an “I,” or “F,” or “P,” or “A,” or “C.” • For instance, in the example to the right, the message has: <ul style="list-style-type: none"> ○ An Introduction “I” ○ Three points (all facts “F”) each followed by a principle “P” and an application “A.” • And finally a conclusion “C.” 	<p>Lesson Outline:</p> <p>I: When cooking soup or stew, the longer the vegetables soak in the broth, the more delicious they become. The same thing is true of Christians who soak in God’s Word. Let us look at what happens.</p> <p>F: Look at the two commands found in verses 1-3</p> <p>P: To become infinitely valuable to God, we are to reject evil living and soak in God’s Word.</p> <p>A: Start developing the habit of Bible study</p> <p>F: Now let us look at verses 4-7. Explain these verses</p> <p>P: Soaking in God’s Word results in rejection by men but infinite value to God.</p> <p>A: Do not allow worldly rejection to blind you to the value of soaking in God’s Word</p> <p>F: Finally in verses 8-10, Peter explains four results of soaking in God’s Word – Explain the passage</p> <p>P: When we soak in God’s Word, we become God’s temple, God’s priests, God’s nation and God’s message to the world.</p> <p>A: Picture yourselves in these four ways. How does it feel? Here are several ways you can practice these things right now. . .</p> <p>C: Sometimes the stone that the builders rejected becomes the cornerstone of the building. That is true in God’s temple for those who soak in God’s Word and so become like Him. Why not start today!</p>

- Be prepared to preach one of the messages you prepared in 30 minutes in class four. Each morning of class four, the class will draw lots and one student will have 30 minutes to preach his message. The class will evaluate these as a learning exercise. No excuses will be accepted for not preaching. If your name is drawn, you must preach, even if you have not prepared at all! Anyone not willing to preach will be put on immediate probation! This evaluation includes:
 - Four sermon outlines prepared and turned in.
 - Did student preach these in his church? (Y/N). _____
 - All four parts included in each outline.
 - Parts marked correctly with an “I,” or “F,” or “P,” or “A,” or “C.”
 - Interpretation, topic, Idea, and outline are accurate from the passage.
 - Student preached if called upon.

In the spirit of truth and honesty as espoused by our Lord Jesus Christ, Teleo University seeks to maintain an atmosphere where high ethical standards prevail. Teleo University condemns academic dishonesty. Behavior such as cheating, plagiarizing, or data fabrication will result in disciplinary action and possible dismissal from the program (plagiarism is presenting another's words or ideas as one's own without properly crediting the source).

Consider suggestions from these tools but remember that the grammar checkers will not necessarily find or provide the correct help for every error.
5. **Copyright Protected Materials:**
Teleo University, as a nonprofit educational institution, is entitled by law to use materials protected by the US Copyright Act for classroom education. Any use of those materials outside the class may violate the law.
6. **Teleo University Copyright Statement**

COURSE PROCEDURES AND POLICIES:

1. **Participation Policy**
Teleo University students must participate in local study groups called T-Net Training Centers to complete assignments and enjoy vibrant student life interaction. By gathering in study groups, students benefit from collaboration with fellow students and facilitators who have studied and applied this curriculum in their ministries. Finally, every student must assume the disciple making mindset of training other pastors and church leaders (2 Timothy 2:2). Students form training teams to facilitate new T-Net Training Center study groups to fulfill the teaching practicum requirements.
2. **Academic Honesty:**
In the spirit of truth and honesty as espoused by our Lord Jesus Christ, Teleo University seeks to maintain an atmosphere where high ethical standards prevail. Teleo University condemns academic dishonesty. Behavior such as cheating, plagiarizing, or data fabrication will result in disciplinary action and possible dismissal from the program (plagiarism is presenting another's words or ideas as one's own without properly crediting the source).
3. **Style Guide for Academic Writing:**
Teleo University has created a Style Guide for Academic Writing adapted from the [MLA](#) (Modern Language Association) style guide. Use the university style guide when writing papers for all courses.
4. **Spelling and Grammar Checker Setup:**
Teleo University urges students to use Microsoft Office products and engage the grammar and spelling Editor functions. Students are also encouraged to download and use the FREE version of Grammarly.

Consider suggestions from these tools but remember that the grammar checkers will not necessarily find or provide the correct help for every error.

5. **Copyright Protected Materials:**

Teleo University, as a nonprofit educational institution, is entitled by law to use materials protected by the US Copyright Act for classroom education. Any use of those materials outside the class may violate the law.

6. **Teleo University Copyright Statement**

COURSE DESCRIPTION: TP271 Teaching Practicum: Finishing the Great Commission

In these teaching practicums, a student must recruit pastors from a selected region to participate in a T-Net Training Center study group to learn what the student has been taught and implemented in his/her ministry. Typically, two or three students will form a training team where each student has recruited 5 or more pastors to attend the Tier 1 Training Center study group. Sessions are divided between the training team. However, each student is responsible to review and prepare as if they were to facilitate every session. These facilitators have already taught this material to leaders within their churches. However, by becoming trainers to their peers, their learning heightens as they prepare to facilitate this cohort learning experience. See the following definition of the Teaching Practicum Facilitators:

Teaching Practicum Facilitators

Each Teleo-Network (T-Net) Training Center study group has a lead trainer and one or more assistant trainers who serve as the facilitators of the distance education course. All students are given all the lecture notes and resources created by Teleo University faculty and subject experts. Therefore, in theory, no student would need a lecturer or training class to complete the program of study. However, Teleo University is committed to a cohort discipleship learning model where there are one or more trainer/facilitators who have implemented and applied the principles taught in the curriculum. The discipleship model also requires that each student train others in what they have received. Therefore, every student is trained as a trainer. They train the members of their church, they train new church planters, and they assist as part of a cohort facilitator team to train other pastors.

COURSE PROCEDURES AND POLICIES:

1. **Participation Policy**

Teleo University students must participate in local study groups called T-Net Training Centers to complete assignments and enjoy vibrant student life interaction. By gathering in study groups, students benefit from collaboration with fellow students and facilitators who have studied and applied this curriculum in their ministries. Finally, every student must assume the disciple making mindset of training other pastors and church leaders (2 Timothy 2:2). Students form training teams to facilitate new T-Net Training Center study groups to fulfill the teaching practicum requirements.

2. **Academic Honesty:**

In the spirit of truth and honesty as espoused by our Lord Jesus Christ, Teleo University seeks to maintain an atmosphere where high ethical standards prevail. Teleo University condemns academic dishonesty. Behavior such as cheating, plagiarizing, or data fabrication will result in disciplinary action and possible dismissal from the program (plagiarism is presenting another's words or ideas as one's own without properly crediting the source).

3. **Style Guide for Academic Writing:**

Teleo University has created a Style Guide for Academic Writing adapted from the [MLA](#) (Modern Language Association) style guide. Use the university style guide when writing papers for all courses.

4. **Spelling and Grammar Checker Setup:**

Teleo University urges students to use Microsoft Office products and engage the grammar and spelling Editor functions. Students are also encouraged to download and use the FREE version of Grammarly. Consider suggestions from these tools but remember that the grammar checkers will not necessarily find or provide the correct help for every error.

5. **Copyright Protected Materials:**

Teleo University, as a nonprofit educational institution, is entitled by law to use materials protected by the US Copyright Act for classroom education. Any use of those materials outside the class may violate the law.

6. **Teleo University Copyright Statement**

All course materials contained herein are the sole property of Teleo University and are not to be provided to any persons or organizations except upon the expressed, written consent of the university. COURSE DESCRIPTION: TP272 Teaching Practicum: Apprenticing Disciple Makers and Church Planters

In these teaching practicums, a student must recruit pastors from a selected region to participate in a T-Net Training Center study group to learn what the student has been taught and implemented in his/her ministry. Typically, two or three students will form a training team where each student has recruited 5 or more pastors to attend the Tier 1 Training Center study group. Sessions are divided between the training team. However, each student is responsible to review and prepare as if they were to facilitate every session. These facilitators have already taught this material to leaders within their churches. However, by becoming trainers to their peers, their learning heightens as they prepare to facilitate this cohort learning experience. See the following definition of the Teaching Practicum Facilitators:

Teaching Practicum Facilitators

Each Teleo-Network (T-Net) Training Center study group has a lead trainer and one or more assistant trainers who serve as the facilitators of the distance education course. All students are given all the lecture notes and resources created by Teleo University faculty and subject experts. Therefore, in theory, no student would need a lecturer or training class to complete the program of study. However, Teleo University is committed to a cohort discipleship learning model where there are one or more trainer/facilitators who have implemented and applied the principles taught in the curriculum. The discipleship model also requires that each student train others in what they have received. Therefore, every student is trained as a trainer. They train the members of their church, they train new church planters, and they assist as part of a cohort facilitator team to train other pastors.

COURSE DESCRIPTION: TP273 Teaching Practicum: Evangelism and World Religions

In these teaching practicums, a student must recruit pastors from a selected region to participate in a T-Net Training Center study group to learn what the student has been taught and implemented in his/her ministry. Typically, two or three students will form a training team where each student has recruited 5 or more pastors to attend the Tier 1 Training Center study group. Sessions are divided between the training team. However, each student is responsible to review and prepare as if they were to facilitate every session. These facilitators have already taught this material to leaders within their churches. However, by becoming trainers to their peers, their learning heightens as they prepare to facilitate this cohort learning experience. See the following definition of the Teaching Practicum Facilitators:

Teaching Practicum Facilitators

Each Teleo-Network (T-Net) Training Center study group has a lead trainer and one or more assistant trainers who serve as the facilitators of the distance education course. All students are given all the lecture notes and resources created by Teleo University faculty and subject experts. Therefore, in theory, no student would need a lecturer or training class to complete the program of study. However, Teleo University is committed to a cohort discipleship learning model where there are one or more trainer/facilitators who have implemented and applied the principles taught in the curriculum. The discipleship model also requires that each student train others in what they have received. Therefore, every student is trained as a trainer. They train the members of their church, they train new church planters, and they assist as part of a cohort facilitator team to train other pastors.

COURSE REQUIREMENTS / ASSIGNMENTS / GRADE POINTS:

1. **8.1 Participation and Monthly Coaching (10 grading points)**
Student fully participated in the T-Net Training Center study group and has written record of coaching call dates and notes in the Auxiliary Manual **Monthly Coaching "Action Step Checklist"** for this term.

Reading/Lecture Notes/ Group Discussions

Students are provided with all lecture notes and required to read and master all the material presented in the course manual (textbook). By completing the assigned reading, the students make significant contributions to the study group discussions and become better prepared to teach the material to their

church leaders. They also begin to master the program content to prepare to become study group facilitators, mentors, and coaches for future students.

2. **8.2 Proto-Ministry Community Launch (5 grading points)**

Initiate the Proto-Ministry Community with all of your small group leaders and meet two to six times before Course 9. You must meet in a Be with Me group with your disciple making leaders and also use one of the following two models to accomplish the five goals of a Ministry Community. (Alternative for students who are not the senior pastor: They must be in this proto-Ministry Community and also lead a small group or mid-sized group.)

 - Model 1 – The group meets for each week and does exclusive Be with Me group activities. But, on the fourth meeting of each month, it does a short Be with Me group plus it adds another 60 minutes to do the five goals of a Ministry Community.
 - Model 2 – The group meets every week (or at least twice monthly) to do Be with Me group activities and in the same meeting do the five goals of a Ministry Community..
3. **8.3 Mid-Sized Groups Launch (5 grading points)**

If your church chooses to use mid-sized groups, train leaders and launch one or two mid-sized groups patterned after what was taught in this course. (NOTE: This is not a requirement for all students as some disciple making philosophy of ministries do not use mid-sized groups) Or, if the timing is appropriate, create a mid-sized group fellowship(s) by gathering Discovery Bible Study groups that have reached people of a different culture who do not or cannot attend the worship services church..
4. **8.4 Recruit to Groups (5 grading points)**

Continue to recruit more persons into your disciple making pathway, ever increasing the percentage of members who are involved, until 60% to 75% are consistently involved in an intentional disciple making small group every week. Ensure that every small group has at least one apprentice and that these groups are multiplying every 12-24 months. (Alternative for students who are not the senior pastor – participate in a church that does this.)
5. **8.5 Church Planter Apprentice Training (5 grading points)**

Select 1-4 of your Outreach Come and See home group leaders to train using the **Church Planter Apprentice Training** manual. Meet one-on-one or as a group and complete the remaining church planter (CP) apprentice lessons in 8-12 weekly apprenticeship meetings between courses 8 and 9. (Alternative for students who are not the senior pastor are the same as in assignment 2.5.)
6. **8.6 Disciple Making Recipe Distributed (5 grading points)**

Give a printed copy of the Disciple Making “Recipe” to every leader and member of your church who can read and explain to them how to use it. Keep additional copies for new members and as they begin to regularly attend and teach them how to use it. This must become an ongoing activity of your church. Find a way for each person to pay for their own copy if possible. (Alternative for students who are not the senior pastor – participate in a church that does this.)
7. **8.7 Group Apprentices (5 grading points)**

Ensure that every small group has one or more apprentices so that these groups can multiply every 12-24 months. (Alternative for students who are not the senior pastor – participate in a church that does this.)
8. **8.8 Stewardship Preaching (5 grading points)**

Re-teach the stewardship material you were taught in Course 1. Implement all nine steps. Preach a four-week series on this as taught. Use different sermons this time. Be sure to use testimonies from persons who made commitments last year. Use signed commitment cards and the “Money-Back Guarantee” as taught for the highest score. Increase your weekly giving by at least 10%. (Alternatives for students who are not the senior pastor are the same as in the Course 1 assignment).
9. **8.9 Adopt a Remote Training Center (5 grading points)**

Coordinate with your T-Net country director, board and other centers to **finalize** plans to adopt a (remote) part of your country appropriate to the generation of training you are in, and raise money and make plans to finish the Great Commission there, as you learned in your training. Plan a **specific location** to start a training center in that region, **a specific date** to begin promotion, and a **specific date** to begin teaching Course 1 there..
10. **8.10 Philosophy of Ministry Draft (5 grading points)**

Lead your leaders to write and approve a rough draft of a disciple making philosophy of ministry with all six elements. Bring this, in writing, to Course 9. (Students who are not the senior pastor must help a pastor achieve this and will get the same grade as the pastor they help.)
11. **8.11 Numerical Growth Analysis (5 grading points)**

Do an analysis of your numerical growth. Choose at least one application you feel would be most helpful. Bring the analysis and written plan for the application back to Course 9.
12. **8.12 Spiritual Growth Analysis (5 grading points)**

Do an analysis of your spiritual growth. Choose at least one application you feel would be most helpful. Bring the analysis and written plan for the application back to Course 9.
13. **8.13 Sermon Outlines (10 grading points)**

(Provision for women whose denomination or culture restricts them from leading men: These women are exempted from preaching in a church for this assignment, but not from preaching in class, unless cultural norms restrict it.)

Four passages
a. Matthew 14:14-21 – A Miracle
b. Luke 7:11-15 – A Miracle
c. Matthew 13:24-30 – A Parable
d. Matthew 17:1-13- A Narrative

- Choose one of the four sections above of Galatians.
- Use Bible Study Methods and prepare and preach these four sermons in your church.
- Each sermon should have: An introduction, a stated lesson idea in a full sentence, an outline using the three building blocks of facts, principles and applications, illustrations, and a conclusion.
- Bring a written summary of each sermon containing the following five pieces (see example on **the right side** of the table below.

<p>Summary Interpretation:</p> <ul style="list-style-type: none"> • Include the reference of the passage you are studying • Include the summary interpretation <u>in full</u>. Notice that this is a full sentence. In <u>very</u> exceptional cases, you may use more than one sentence 	<p>1 Tim. 5: 1-16 Summary Interpretation: Paul instructs Timothy in how to rebuke persons of different ages and how to ensure the well-being of widows</p>
<p>Topic:</p> <ul style="list-style-type: none"> • Next, state <u>only</u> the topic of your lesson. Remember, the topic <u>may</u> not be exactly the subject of the summary interpretation. It may be what both subject and complement are talking about. 	<p>Topic: How to rebuke Christians and recompense widows</p>
<p>Lesson Idea:</p> <ul style="list-style-type: none"> • Now, state your lesson idea. This is a sentence with a subject and complement. 	<p>Lesson Idea: We are to rebuke others with honor and repay widows with discretion</p>
<p>Lesson Outline:</p> <ul style="list-style-type: none"> • Here, write the lesson outline. Every line of this outline should be marked with an “I,” or “F,” or “P,” or “A,” or “C.” • For instance, in the example to the right, the message has: <ul style="list-style-type: none"> ○ An Introduction “I” ○ Three points (all facts “F”) each followed by a principle “P” and an application “A.” • And finally a conclusion “C.” 	<p>Lesson Outline: I: Honor is the foundation of all relationships. How do we practice this in rebuking others and in taking care of widows? F: What is honor? F: We honor others by rebuking them in line with their station in life F: We recompense widow according to need and Christian service P: We are to rebuke others with honor. P: We are to recompense widows with discretion. A: Practice rebuke appropriately A: As a church, we will use this criterion in recompensing widows A: if you have parents or grandparents who are widowed, support them C: Illustration of how to do this</p>

- Be prepared to preach one of the messages you prepared in 30 minutes in class seven. Each morning of class seven, the class will draw lots and one student will have 30 minutes to preach his message. The class will evaluate these as a learning exercise. No excuses will be accepted for not preaching. If your name is drawn, you must preach, even if you have not prepared at all! Anyone not willing to preach will be put on immediate probation! This evaluation includes:
 - Four sermon outlines prepared and turned in.
 - Did student preach these in his church? (Y/N) _____
 - All four parts included in each outline.
 - Parts marked correctly with an “I,” or “F,” or “P,” or “A,” or “C.”
 - Interpretation, topic, Idea, and outline are accurate from the passage.
 - Student preached if called upon.

COURSE DESCRIPTION: TP274 Teaching Practicum: Bible Study Methods and Sermon Preparation

In these teaching practicums, a student must recruit pastors from a selected region to participate in a T-Net Training Center study group to learn what the student has been taught and implemented in his/her ministry. Typically, two or three students will form a training team where each student has recruited 5 or more pastors to attend the Tier 1 Training Center study group. Sessions are divided between the training team. However, each student is responsible to review and prepare as if they were to facilitate every session. These facilitators have already taught this material to leaders within their churches. However, by becoming trainers to their peers, their learning heightens as they prepare to facilitate this cohort learning experience. See the following definition of the Teaching Practicum Facilitators:

Teaching Practicum Facilitators

Each Teleo-Network (T-Net) Training Center study group has a lead trainer and one or more assistant trainers who serve as the facilitators of the distance education course. All students are given all the lecture notes and resources created by Teleo University faculty and subject experts. Therefore, in theory, no student would need a lecturer or training class to complete the program of study. However, Teleo University is committed to a cohort discipleship learning model where there are one or more trainer/facilitators who have implemented and applied the principles taught in the curriculum. The discipleship model also requires that each student train others in what they have received. Therefore, every student is trained as a trainer. They train the members of their church, they train new church planters, and they assist as part of a cohort facilitator team to train other pastors.

---	--

<p>Topic:</p> <ul style="list-style-type: none"> Next, state <u>only</u> the topic of your lesson. Remember, the topic <u>may</u> not be exactly the subject of the summary interpretation. It may be what both subject and complement are talking about. 	<p>Topic:</p> <p>How to rebuke Christians and recompense widows</p>
<p>Lesson Idea:</p> <ul style="list-style-type: none"> Now, state your lesson idea. This is a sentence with a subject and complement. 	<p>Lesson Idea:</p> <p>We are to rebuke others with honor and repay widows with discretion</p>
<p>Lesson Outline:</p> <ul style="list-style-type: none"> Here, write the lesson outline. Every line of this outline should be marked with an "I," or "F," or "P," or "A," or "C." For instance, in the example to the right, the message has: <ul style="list-style-type: none"> An Introduction "I" Three points (all facts "F") each followed by a principle "P" and an application "A." And finally a conclusion "C." 	<p>Lesson Outline:</p> <p>I: Honor is the foundation of all relationships. How do we practice this in rebuking others and in taking care of widows?</p> <p>F: What is honor?</p> <p>F: We honor others by rebuking them in line with their station in life</p> <p>F: We recompense widow according to need and Christian service</p> <p>P: We are to rebuke others with honor.</p> <p>P: We are to recompense widows with discretion.</p> <p>A: Practice rebuke appropriately</p> <p>A: As a church, we will use this criterion in recompensing widows</p> <p>A: if you have parents or grandparents who are widowed, support them</p> <p>C: Illustration of how to do this</p>

COURSE DESCRIPTION: TP275 Teaching Practicum: Coaching Leaders and Multiplying Ministry

In these teaching practicums, a student must recruit pastors from a selected region to participate in a T-Net Training Center study group to learn what the student has been taught and implemented in his/her ministry. Typically, two or three students will form a training team where each student has recruited 5 or more pastors to attend the Tier 1 Training Center study group. Sessions are divided between the training team. However, each student is responsible to review and prepare as if they were to facilitate every session. These facilitators have already taught this material to leaders within their churches. However, by becoming trainers to their peers, their learning heightens as they prepare to facilitate this cohort learning experience. See the following definition of the Teaching Practicum Facilitators:

Teaching Practicum Facilitators

Each Teleo-Network (T-Net) Training Center study group has a lead trainer and one or more assistant trainers who serve as the facilitators of the distance education course. All students are given all the lecture notes and resources created by Teleo University faculty and subject experts. Therefore, in theory, no student would need a lecturer or training class to complete the program of study. However, Teleo University is committed to a cohort discipleship learning model where there are one or more trainer/facilitators who have implemented and applied the principles taught in the curriculum. The discipleship model also requires that each student train others in what they have received. Therefore, every student is trained as a trainer. They train the members of their church, they train new church planters, and they assist as part of a cohort facilitator team to train other pastors.

Reading/Lecture Notes/ Group Discussions

Students are provided with all lecture notes and required to read and master all the material presented in the course manual (textbook). By completing the assigned reading, the students make significant contributions to the study group discussions and become better prepared to teach the material to their church leaders. They also begin to master the program content to prepare to become study group facilitators, mentors, and coaches for future students.

2. **10.2 Ministry Community (15 grading points)**
Meet with all of your small group leaders every month to accomplish the five goals of a Ministry Community (see Course 8). First, your disciple making leaders must meet regularly in a Be with Me group made up of other disciple maker group leaders. Then, you may continue your proto-Ministry

Community (option 1 for churches with less than 180 adults) or launch a larger Ministry Community (option 2 for churches with more than 180 adults and more than 15 Disciple Making Group leaders). (Alternative for students who are not the senior pastor: They must be in the Ministry Community and also lead a small group or mid-sized group.)

(Alternative: students who are not the senior pastor must be in this proto-Ministry Community and also lead a small group or mid-sized group.)
3. **10.3 Teaching Bible Doctrine (15 grading points)**

Implement your plan to teach the survey of Bible and doctrine to your whole congregation preferably in your small groups or in your mid-sized groups. (Alternative: students who are not the senior pastor must be in this training or help with the training)
 4. **10.4 Recruit to Groups (5 grading points)**

 7. **10.7 Adopt a Remote Training Center (5 grading points)**
Coordinate with your T-Net country director, board and other centers to **launch Course 1** or CCM C-1 in the (remote) part of your country that you adopted. The goal is to have 15-25 pastors or 25% of evangelical pastors within 10 km of this location.
 8. **10.8 Accountability Partner (5 grading points)**

Students may choose books and articles from, but not limited to, the course recommended reading list posted at www.teleouniversity.org/readinglab. COURSE DESCRIPTION: TP276 Teaching Practicum: Foundations for a Disciple Making Church

In these teaching practicums, a student must recruit pastors from a selected region to participate in a T-Net Training Center study group to learn what the student has been taught and implemented in his/her ministry. Typically, two or three students will form a training team where each student has recruited 5 or more pastors to attend the Tier 1 Training Center study group. Sessions are divided between the training team. However, each student is responsible to review and prepare as if they were to facilitate every session. These facilitators have already taught this material to leaders within their churches. However, by becoming trainers to their peers, their learning heightens as they prepare to facilitate this cohort learning experience. See the following definition of the Teaching Practicum Facilitators:

Teaching Practicum Facilitators

Each Teleo-Network (T-Net) Training Center study group has a lead trainer and one or more assistant trainers who serve as the facilitators of the distance education course. All students are given all the lecture notes and resources created by Teleo University faculty and subject experts. Therefore, in theory, no student would need a lecturer or training class to complete the program of study. However, Teleo University is committed to a cohort discipleship learning model where there are one or more trainer/facilitators who have implemented and applied the principles taught in the curriculum. The discipleship model also requires that each student train others in what they have received. Therefore, every student is trained as a trainer. They train the members of their church, they train new church planters, and they assist as part of a cohort facilitator team to train other pastors.

COURSE PROCEDURES AND POLICIES:

1. Participation Policy

Teleo University students must participate in local study groups called T-Net Training Centers to complete assignments and enjoy vibrant student life interaction. By gathering in study groups, students benefit from collaboration with fellow students and facilitators who have studied and applied this curriculum in their ministries. Finally, every student must assume the disciple making mindset of training other pastors and church leaders (2 Timothy 2:2). Students form training teams to facilitate new T-Net Training Center study groups to fulfill the teaching practicum requirements.

2. Academic Honesty:

In the spirit of truth and honesty as espoused by our Lord Jesus Christ, Teleo University seeks to maintain an atmosphere where high ethical standards prevail. Teleo University condemns academic dishonesty. Behavior such as cheating, plagiarizing, or data fabrication will result in disciplinary action and possible dismissal from the program (plagiarism is presenting another’s words or ideas as one’s own without properly crediting the source).

3. Style Guide for Academic Writing:

Teleo University has created a Style Guide for Academic Writing adapted from the [MLA](#) (Modern Language Association) style guide. Use the university style guide when writing papers for all courses.

4. Spelling and Grammar Checker Setup:

Teleo University urges students to use Microsoft Office products and engage the grammar and spelling Editor functions. Students are also encouraged to download and use the FREE version of Grammarly. Consider suggestions from these tools but remember that the grammar checkers will not necessarily find or provide the correct help for every error.

5. Copyright Protected Materials:

Teleo University, as a nonprofit educational institution, is entitled by law to use materials protected by the US Copyright Act for classroom education. Any use of those materials outside the class may violate the law.

6. Teleo University Copyright Statement

READING AND RESEARCH REPORTS

Throughout your life, ministry, and education, you will need to preserve important quotes and concepts from reading and research and document the sources of that information as you write essays, sermons, and your Field Project Report. Taking and organizing notes from reading is an important part of research, writing and speaking.

In the following material you will be provided with a brief introduction to citation of sources for reading reports and research papers and the following tools:

- "Taking Notes From Research Reading" by Dr. Margaret Procter, University of Toronto.
- A "Reading and Research Report Form."

Taking Reading and Research Notes

Taking notes is a key part of the research process because it helps you internalize the concepts that you are learning, and it helps you preserve and organize that information. There are many ways to take notes, but a good notes system will provide the following:

- Bibliographic information about the source so you can cite it correctly so that others can find it. Include items such as, author, title, date published, publisher, and URL (if it is a website).
- A way to organize your notes by summary topic(s), key word(s) or search term(s).
- Space capture key quotes (with page numbers from the source), important information from the text summarized or paraphrased (in your own words) and your questions, comments and thoughts in responses to the text.

When taking notes begin by looking through the document to get the main ideas and find where there is information most relevant to your research. Do not write down things you already know. Write down every fact or concept that will help you in your research or work. Clearly indicate when you quote directly from the text and add the specific page location. Read the following article for more help in notetaking for research:

Taking Notes From Research Reading

Prepared by Dr. Margaret Procter, University of Toronto Coordinator, Writing Support

Taking notes efficiently is essential to your sanity in facing the wealth of information available in print and electronic form. It is also a key part of writing well-focused and coherently argued papers. Good notetaking strategies will help you read with more understanding and save time and frustration when you write your paper. These are three main principles:

Know What Kind of Ideas You Need to Record

Focus your approach to the topic before you start detailed research. Then you will read with a purpose in mind, and you will be able to sort out relevant ideas.

- Analyze the **assignment sheet** to be clear about just what you are going to do with your **topic**, and what your topic consists of. (See the file on *Understanding Essay Topics*).
- Then review the commonly known **facts** about your topic and become aware of the range of thinking and **opinions** on it. As well as your class notes and textbook, browse in an encyclopedia or other reference work.
- Try making a **preliminary list** of the subtopics you would expect to find in your reading. These will guide your attention and may come in handy as search terms and labels for notes.
- Choose a component or **angle** that interests you, perhaps one on which there is already some controversy.

Now formulate your **research question**. It should allow for reasoning as well as gathering of information--not just what the proto-Iroquoians ate, for instance, but how valid the evidence is for early introduction of corn. You may even want to jot down a tentative thesis statement as a preliminary answer to your question. (See the file *Using Thesis Statements* for the defining characteristics of a good thesis statement.)

- Then you will know what to look for in your research reading: **facts** and **theories** that help answer your question, and other people's **opinions** about the value of specific answers.

Do Not Write Down Too Much

Your essay must be an expression of your own thinking, not a patchwork of borrowed ideas. Plan therefore to invest your research time in understanding your sources and integrating them into your own thinking. Use your note cards or note sheets to record only ideas that are relevant to your focus on the topic and summarize rather than copy out or paraphrase.

- Copy out exact words only when the ideas are memorably phrased or surprisingly expressed--on the few occasions when you might use them as actual quotations.
- Otherwise, compress ideas in your own words. Paraphrasing word by word is a waste of time. Choose the most important ideas and write them down as labels or headings. Then fill in with a few subpoints that explain or exemplify.
- Do not depend on underlining and highlighting. Find your own words for notes in the margin (or on "sticky" notes).

Label Your Notes Intelligently

Whether you use cards or pages for notetaking, take notes in a way that allows for later use.

- Save [time and trouble] later by recording bibliographic information in a master list or computer file when you begin looking at each source (do not forget to notebook and journal information for photocopies). Then you can quickly identify each note by the author's name and page number; when you refer to sources in the essay you can fill in details of publication easily from your master list. Keep a format guide handy so you get details right from the start (see the file on Documentation Formats).
- Try as far as possible to put notes on separate cards or sheets. This will let you label the topic of each note. Not only will that keep your notetaking focused, but it will also allow for grouping and synthesizing of ideas later. It is especially satisfying to shuffle notes and see how the conjunctions create new ideas in your own thinking.
- Leave lots of space in your notes for comments of your own questions and reactions as you read, second thoughts and cross-references when you look back at what you have written. These comments can become a virtual first draft of your paper. (*Visit our many files offering advice about university writing at www.advice.writing.utoronto.ca*)

Citation of Sources for Reading Report and Research Papers

To avoid plagiarism, it is critical to cite the sources used in your writing. T-Net uses the Modern Language Association (MLA) system of citation. The following MLA citation summary is an introduction to this popular style guide. The MLA system will provide a common style guide to Core Module participants for parenthetical citation of sources in essays and in the ministry project thesis.

Modified MLA Parenthetical Citation Style

The Modern Language Association (MLA) establishes values for acknowledging sources used in a research paper. MLA citation style uses a simple two-part parenthetical documentation system for citing sources: Citations in the text of a paper point to the alphabetical Works Cited list that appears at the end of the paper. Together, these references identify and credit the sources used in the paper and allow others to access and retrieve this material. Together, these references identify and credit the sources used in the paper and allow others to access and retrieve this material. **Teleo University provides a Style Guide with citation formatting at teleouniversity.org/writinglab**. Also, you may reference the current MLA formatting and citation guidelines online at owl.purdue.edu. At this point we will focus only on gaining the information required for the "Works Cited" section.

Works Cited List

References cited in the text of a research paper must appear at the end of the paper in a Works Cited list or bibliography. This list provides the information necessary to identify and retrieve each source that specifically supports your research.

- Arrange entries in alphabetical order by authors' last names (surnames), or by title for sources without authors.
- Capitalize the first word and all other main words of the titles and subtitles of cited works listed. (Do not capitalize articles, prepositions, coordinating conjunctions, or the "to" in infinitives.)
- Shorten the publisher's name; for example, omit articles, business abbreviations (Co., Inc.), and descriptive words (Press, Publisher).
- When multiple publishers are listed, include all of them, placing a semicolon between each.
- When more than one city is listed *for the same publisher*, use only the first city.
- Use the conjunction "and" not an ampersand [&], when listing multiple authors of a single work.
- **Pagination:** Do not use the abbreviations **p.** or **pp.** to designate page numbers.
- **Indentation:** Align the first line of the entry flush with the left margin and indent all subsequent lines (5 to 7 spaces) to form a "hanging indent."
- **Italics:** Choose a font in which the italic style contrasts clearly with the regular style.

Note: The "Reading and Research Report Form" included in this tutorial also asks you to identify the information you will need for a "Works Cited" list for each source. This worksheet also provides a way for you to preserve reading notes and organize your research for later use in your ministry project. **Teleo University provides a Style Guide with citation formatting you should use.** Also, you may reference the current MLA formatting and citation guidelines online at owl.purdue.edu.
